A registered collective investments scheme is not permitted to be directly offered to the public in Guernsey but may be offered to regulated entities in Guernsey or offered to the public by entities appropriately licensed under the Protection of Investors (Bailiwick of Guernsey) Law (1987), as amended. Ordinary Shares shall not be placed directly with the public in Guernsey.

The directors of the Company have taken all reasonable care to ensure that the facts stated in this document are true and accurate in all material respects and that there are no other facts the omission of which would make misleading any statement in this document, whether of facts or of opinion. All the directors accept responsibility accordingly.

In the United Kingdom, members of the public are not invited to participate in and are not eligible to take part in the Placing. Participation in the Placing is limited at all times to persons who are (i) investment professionals within the meaning of paragraph (5) of Article 19 or high net worth companies or unincorporated associations within the meaning of paragraph (2) of Article 49, of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (S1 2005/1529); and (ii) qualified investors within the meaning of section 86(7) of Financial Services and Markets Act 2000 (all such persons together being referred to as “**relevant persons**”). Any person who is not a relevant person should not act or rely on this document or any of its contents. Any investment, or investment activity to which this document relates is available only in the United Kingdom to relevant persons and will be engaged in only with relevant persons. By receiving this document and not returning it, you are deemed to warrant to the Company, Cenkos Securities plc, Liberum Capital Limited and Kinmont Limited that you fall within the categories of person described above.

No Ordinary Shares have been offered or sold or will be offered or sold to persons in the United Kingdom prior to publication of this document except in circumstances which have not resulted in an offer to the public in the United Kingdom within the meaning of section 102B of the FSMA.

This document is only addressed to, and the Placing is only directed at, persons in member states of the European Economic Area (“**EEA**”) who are “qualified investors” within the meaning of Article 2(1) (e) of the Prospectus Directive (“**Qualified Investors**”). This document must not be acted on or relied upon in any member state of the EEA, by persons who are not Qualified Investors. Any investment or investment activity to which this document relates is available, in any member state of the EEA, only to Qualified Investors, and will be engaged in only with such persons. This document has been prepared on the basis that all offers of Placing Shares will be made pursuant to any exemption under the Prospectus Directive, as implemented in member states of the EEA, from the requirement to produce a prospectus for offers of Placing Shares. Accordingly, any person making or intending to make any offer within the EEA of or for Ordinary Shares which are not the subject of the Placing contemplated in this document should only do so in circumstances in which no obligation arises for the Company, Cenkos Securities plc, Liberum Capital Limited or Kinmont to produce a prospectus for such Placing. None of the Company, Cenkos Securities plc, Liberum Capital Limited or Kinmont has authorised, nor do they authorise, the making of any offer of Ordinary Shares through any financial intermediary, other than offers made by Cenkos Securities plc, Liberum Capital Limited or Kinmont which constitute the final placement of Ordinary Shares contemplated in this document.

In the case of any Placing Shares being offered to a financial intermediary as that term is used and defined in section 86(7) of the Financial Services and Markets Act 2000, such financial intermediary will also be deemed to have represented, acknowledged and agreed that the Placing Shares acquired by it in the Placing have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any Placing Shares to the public other than their offer or resale in a relevant member state to qualified investors as so defined or in circumstances in which the prior consent of the Company, Cenkos and Liberum has been obtained to each such proposed offer or resale. Each of the Company, Cenkos and Liberum and their respective affiliates will rely on the truth and accuracy of the foregoing representation, acknowledgement and agreement.

This document does not constitute or form part of any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, any Placing Shares (i) in any jurisdiction in which such offer, invitation or solicitation is not authorised; (ii) in any jurisdiction in which

the person making such offer, invitation or solicitation is not qualified to do so; or (iii) to any person to whom it is unlawful to make such offer, invitation or solicitation or invitation. The distribution of this document, the accompanying Form of Proxy and any accompanying documents, and the offer of the Placing Shares may be restricted by law. Persons into whose possession this document, the Form of Proxy and any accompanying documents come must therefore inform themselves about and observe any such restrictions. Any failure to comply with these restrictions may constitute a violation of the securities laws of any such jurisdiction. In particular, no document may be distributed, forwarded to or transmitted in, into or from the United States, Australia, Canada, Japan, South Africa or the Republic of Ireland or to any US person. Any person within the United States and any US person who obtains a copy of this document must disregard it.

No public offering of the Placing Shares is being made in any jurisdiction. No action has been or will be taken by the Company, Cenkos Securities plc or Liberum Capital Limited that would permit the offer of the Placing Shares or possession or distribution of this document, the Form of Proxy or any accompanying documents in any jurisdiction where action for that purpose is required.

The offer of the Placing Shares has not been, nor will they be, registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States. In addition, the Company has not been, and will not be, registered under the Investment Company Act, and investors will not be entitled to the benefits of that Act. The Placing Shares may not be offered, sold, pledged or otherwise transferred or delivered within the United States or to, or for the account or benefit of, any US person. In connection with the Placing, the Placing Shares are being offered and sold only outside the United States to, and for the account or benefit of, non-US persons in “offshore transactions” within the meaning of, and in reliance on the exemption from registration provided by, Regulation S under the Securities Act.

Copies of this document will be available free of charge at the registered office of the Company in Guernsey and at the offices of Eversheds LLP at One Wood Street, London EC2V 7WS during usual business hours on any day (Saturdays, Sundays and public holidays excepted) from the date of this document for a period of 14 days or until Admission, whichever is the longer period.

In some cases, these forward-looking statements may be identified by the use of forward-looking terminology, including the terms “targets”, “believes”, “estimates”, “anticipates”, “expects”, “intends”, “may”, “will” or “should” or, in each case, their negative or other variations or comparable terminology. They appear in a number of places throughout the document and include statements regarding the intentions, beliefs or current expectations of the Company and/or Directors concerning, among other things, the trading performance, results of operations, financial condition, liquidity, prospects and dividend policy of the Company. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The Company’s actual performance, result of operations, financial condition, liquidity and dividend policy may differ materially from the impression created by the forward-looking statements contained in this document. In addition, even if the performance, results of statements contained in this document, those results or developments may not be indicative of results or developments in subsequent periods. Important factors that may cause these differences include, but are not limited to, changes in economic conditions generally; changes in interest rates and currency fluctuations; impairments in the value of the Company’s assets; legislative/regulatory changes; changes in taxation regimes; the availability and cost of capital for future expenditure; the availability of suitable financing; the ability of the Group to retain and attract suitably experienced personnel and competition within the industry. Prospective investors should specifically consider the factors identified in this document which could cause actual results to differ before making an investment decision.

Industry, market and other data

Information regarding markets, market size, market share, market position, growth rates and other industry data pertaining to the Group’s business and the track record of the NewRiver Management Team contained in this document consists of estimates based on data and reports compiled by professional organisations and analysts, information made public by investment vehicles previously managed by the NewRiver Management Team, on data from external sources and on the Company’s and the NewRiver Management Team’s knowledge of the UK real estate market. Information regarding the macroeconomic environment in the UK has been compiled from publicly available sources. In many cases, there is no readily available external information (whether from trade associations, government bodies or other organisations) to validate market-related analyses and estimates, requiring the Company to rely on internally developed estimates. The Company takes responsibility for compiling, extracting and reproducing market or other industry data from external sources, including third parties or industry or general publications, but neither the Company, Cenkos Securities plc, Liberum Capital Limited nor Kinmont Limited has independently verified that data. The Company gives no assurance as to the accuracy and completeness of, and takes no further responsibility for, such data. Similarly, while the Company believes its and the NewRiver Management Team’s internal estimates to be reasonable, they have not been verified by any independent sources and the Company cannot give any assurances as to their accuracy.

19 June 2013

To the Ordinary Shareholders and, for information only, to holders of Options, Warrants and Convertible Unsecured Loan Stock

Dear Shareholder,

Proposed Firm Placing of 31,707,318 new Ordinary Shares and proposed Additional Placing of 975,609 new Ordinary Shares, in each case at 205 pence per Ordinary Share

Introduction

I am writing to you with details of what your Board considers to be a significant and positive development for the Company. It has been announced today that NewRiver is proposing to raise £67 million (before expenses) by means of a placing of new Ordinary Shares.

The purpose of this document is to set out, amongst other things, the background to and reasons for the Placing and the proposed waiver of the pre-emption rights in the Articles. It also explains why your Board considers that the Resolutions to be proposed at the Extraordinary General Meeting are in the best interests of the Company and Shareholders as a whole and, accordingly, recommends that Shareholders vote in favour of the Resolutions. A notice of Extraordinary General Meeting is set out at the end of this document.

The net proceeds of the Placing will be applied for the purposes of the Company's continuing investment programme, which is discussed in more detail below.

This letter also sets out an update on the Company's trading activity.

Background to and Reasons for the Placing

Your Board believes that NewRiver has invested well and created a good platform for expansion. The Directors believe that the timing is right for NewRiver to take advantage of favourable retail real estate market conditions and raise further equity for investment. The Group is well-positioned and the core stock selection and asset management skills of the NewRiver Management Team are well-suited to the current environment.

The proceeds of the Placing will be deployed on standalone acquisitions, joint ventures and co-investments. The Company is currently exploring a range of acquisition opportunities and will seek to complete a number of them using the proceeds of the Placing.

Trading Update

On 23 May 2013, the Company released its audited results for the 12 months ended 31 March 2013. In the year under review, Group revenue increased by 20 per cent. to £18.0 million, EPRA Adjusted Profits increased 7 per cent. to £5.2 million and dividends per share increased 7 per cent. to 16 pence. EPRA NAV per share at the year end was 240 pence per share and net assets stood at £80 million.

As well as delivering its third consecutive year of growth in revenue, profit and dividend, the Company laid strong foundations for the future with the signing of a significant joint venture relationship. In December 2012, NewRiver formed a joint venture with LVS, a subsidiary of PIMCO BRAVO Fund, L.P. The joint venture is a transformational relationship that the directors consider will deliver strong returns to Shareholders through the combination of LVS' capital and NewRiver's expertise. The agreement has already secured the initial acquisition of a £90 million portfolio of five shopping centres at a net initial yield of 9.7 per cent. LVS has also invested directly in NewRiver and is currently the Company's second largest shareholder. The proceeds of the Placing would allow NewRiver, amongst other things, to expand its joint venture activities with LVS.

Additionally, NewRiver recently won an asset management contract for two shopping centres and one high street parade from the administrator, Zolfo Cooper LLP. These properties are already generating fee income.

Both initiatives are strong recognition of management's ability to implement a high quality, active asset management and risk-controlled development strategy.

The scale of the business grew significantly during the year through to 31 March 2013. NewRiver now owns or manages 23 shopping centres and other town centre assets with a current capital value of circa £400 million making it the fourth largest owner and operator in the UK by number of retail assets over 50,000 sq ft. The asset base continues to be defensive, offering capital and income growth through focusing on non-discretionary spend. During the year, the Company further strengthened its assets by adding a series of new, high quality food and value covenants to its retailer mix, including Primark, Wagamama, Starbucks and Nando's.

The NewRiver Management Team has had an active period, not just in portfolio acquisitions, but in the active management of the Company's assets. In the year to 31 March 2013, 142 leasing events were completed; of these, 103 new leases and renewals were completed at a combined 3.4 per cent. above valuer's ERV. Risk-controlled development also plays an important role in the Company's total return strategy and major planning consents have recently been achieved at NewRiver's centres in Wallsend, Erdington and Widnes. The development pipeline extends to some 600,000 sq. ft. of property.

With acquisition yields historically high and borrowing costs historically low, the Board believes that the retail property market continues to offer compelling buying opportunities. The Company intends to take full advantage of these favourable conditions.

NewRiver's Investment Focus

Introduction

The Company has built a substantial portfolio of assets in the period since flotation in September 2009. NewRiver now owns or manages 23 shopping centres and other town centre assets with a current capital value of circa £400 million, making it the fourth largest owner and operator in the UK by number of retail assets over 50,000 sq ft.

The Company focuses on the food and value sub-sectors of retail real estate with an emphasis on convenience and non-discretionary spending. The Company is particularly attracted to retail assets which serve everyday core household spending needs. NewRiver believes that such assets offer attractive

investment opportunities at present given, amongst other things, attractive net initial yields at current acquisition prices, sustainable income streams and potential for growth through active asset management and development initiatives.

NewRiver focuses on shopping centre investments but also considers investment in retail parks, portfolios of retail assets and vacant stores with sub-division potential. In addition, the Company seeks to acquire assets in towns with lower occupational costs as a percentage of tenant turnover. In such locations, there tends to be limited competition from both out-of-town retailing and competing town centres, resulting in a high retention of consumer spend and a broader range of retailers.

NewRiver has a clear investment strategy focused on driving income returns and unlocking value through active asset management and risk-controlled development. The Company enjoys strong relationships with many of the UK's leading food and value retailers. The dynamic nature of the UK retail sector will see major participants in the sub-sectors pursuing different real estate strategies at any one time. This allows an active asset manager, such as NewRiver, to operate on a national basis and bring its knowledge of larger tenants with national businesses to local property markets.

In making investment decisions, individual assets or portfolios are appraised according to the Company's investment objectives set out below. Management is also focused on the balance in NewRiver's overall portfolio including the opportunity to create revenue enhancements and cost efficiencies through scale. The Company's portfolio is well spread geographically throughout the United Kingdom and also benefits from a diversified income base of some 850 tenants.

Attractions of the Retail Sector

As a specialist UK-REIT, NewRiver focuses entirely on the UK retail property sector which is the largest sector in the UK commercial property market and continues to deliver resilient long term performance.

Retail is a dynamic sector that is pivotal to the UK economy, representing 20 per cent. of GDP. Retail sales remain resilient and provide a range of opportunities for focused real estate investors and asset managers.

The Directors believe that there are a number of attractive investment opportunities available to the Company for the following reasons:

- Strength and depth in the UK's £311 billion annual retail sales market.
- UK retail sales are estimated to grow by £5 billion in 2013 (1.6 per cent.), the highest increase since 2008.
- Approximately 45 per cent. of all UK retail sales are generated by the large food retailers, including the discount food retailers, who have consistently been growing their space throughout the recession and into 2013.
- Major grocers continue to be significant investors in town centre real estate, with a rapid expansion of space increasing sales by 28 per cent. between 2007 and 2012.
- Current vacant rates are at their long term average and well below the office and industrial sectors.
- There is a shortage of new, highly productive retail space given the limited development activity undertaken over the last three years.

The Company believes that the pipeline of opportunities presented to it is attractive, given the absolute pricing of these assets relative to longer term valuations and relative to the pricing of other retail real estate assets and other real estate sectors in today's market.

Within the food and value sub-sectors there are a number of retailers seeking additional space and with limited, recent retailer development pipeline this provides attractive opportunities to create value by meeting that demand. This is a segment of retail where sales growth continues to be positive, retailers are keen to acquire space across a range of store formats, good tenant covenants are available and tenants are historically keen to agree long lease terms.

The internet may also present an opportunity for traditional retailers who are establishing multi-channel “click and collect strategies”. NewRiver has an active strategy in this regard, including the introduction of free WiFi, Amazon Lockers and an active social media policy to build on consumer loyalty and improve footfall and extend dwell time.

Investment Focus

NewRiver’s focus on assets which can generate immediate and attractive cash-on-cash returns lies at the heart of its business model. NewRiver focuses on driving the growth of income returns by targeting higher yielding assets with the lowest risk profile through affordable and sustainable income streams and where it has the potential to unlock additional value through its active asset management and risk controlled development skills. Uplift in asset values is expected to be achieved by, where appropriate, undertaking risk-controlled development and refurbishment. NewRiver actively seeks to create shareholder returns and thus value is also captured through the recycling of assets.

NewRiver is currently focusing its investment acquisitions on assets where the predominant retail tenant profile is less reliant on discretionary spend. Research from Verdict Research shows that discretionary spend retailers focused on the housing market or those selling large ticket items such as electrical and white goods have significantly underperformed retailers that are less reliant on discretionary spend, such as food retailers, health and beauty retailers, value clothing retailers and the single and multiple priced discount retailers.

NewRiver is targeting towns with an under-representation of food retail. On each potential acquisition, the Company undertakes rigorous tenant-by-tenant turnover analysis to ensure the affordability and the sustainability of income streams. Through such due diligence, NewRiver seeks to conduct accurate competitor analysis and identify the existence of a broad and balanced demographic, the convenience and connectivity of the town and asset and the form and functionality of the property.

The key investment criteria applied by the Company are as follows:

- Targeted minimum geared returns of 15 per cent. or more per annum.
- Net initial yields at acquisition of 7 per cent. to 10 per cent.
- Annual cash-on-equity returns of 12 per cent. to 15 per cent.
- Sustainable rental levels (3 per cent. to 10 per cent. of tenants’ turnover).
- Identifiable asset management and development opportunities.
- Realisable exit strategies.
- Acquisition meets both standalone investment criteria and complements the portfolio’s geographic and tenant spread.

The Directors will typically target the acquisition of real estate assets with an enterprise value of approximately £5 million to £100 million. As a matter of policy, the Company targets debt gearing levels of 50 to 65 per cent. at acquisition, although on occasion lower levels of indebtedness will be considered depending on the specific acquisition and the funding markets at the time. When appraising future acquisition opportunities the Board will consider the appropriate financing mix between equity, mezzanine and senior debt.

NewRiver also plans selectively to take advantage of other investment opportunities that may arise, including from forced sales, debt restructuring and bank foreclosures and lot sizes that may fall outside the above range or outside of its core investment strategy. NewRiver will also choose to pursue opportunities on a standalone, co-investment or joint venture basis according to the scale of investment required, the availability of equity at the relevant time, the attractions of the investment opportunity and the effect of the acquisition on the Company’s overall portfolio. NewRiver has been successful in winning a number of third party management mandates which generate attractive income through flat fees and incentive fees. The Company is interested in developing this part of its business, albeit with its focus on wholly-owned and joint venture opportunities.

The Board reviews the focus of its investment strategy periodically with a view to determining whether it needs to be modified or varied in any way.

The Placing

The Directors are proposing to raise additional capital for the Company by way of a placing to institutional and other investors of, in aggregate, 32,682,927 Placing Shares to raise £67 million (before expenses). Ordinary Shares will be issued under the Placing at a price of 205 pence per share which represents:

- a 6.5 per cent. discount to the average closing share price over the 20 trading days prior to the date of this document of 219.2 pence; and
- an 8.9 per cent. discount to 225 pence (being the 31 March 2013 NAV per share of 235 pence less the final dividend in respect of the year ended 31 March 2013 of 10 pence per share which will be paid on 25 July 2013 to Shareholders on the register on 28 June 2013).

The Placing will comprise the Firm Placing and the Additional Placing. The Placing is to be effected by Cenkos and Liberum on the terms of the Placing Agreement. The Company has entered into the Placing Agreement with, amongst others, Cenkos and Liberum, pursuant to which Cenkos and Liberum have agreed to use their respective reasonable endeavours to procure institutional and other placees (including certain existing Shareholders) for the Placing Shares.

Under the Firm Placing, 31,707,318 Firm Placing Shares, representing £65 million, in aggregate, at the Placing Price, will be placed firm with certain institutional and other investors. The number of Firm Placing Shares will not be scaled back and the Firm Placing Shares do not form part of the Additional Placing.

Under the Additional Placing, Discretionary PCBs and other Qualified Investors (who are also Exempt Persons) may subscribe for 975,609 Additional Placing Shares, representing £2 million, in aggregate, at the Placing Price. The Additional Placing Shares have been conditionally placed subject to scale back to satisfy subscriptions by Discretionary PCBs and other Qualified Investors (who are also Exempt Persons) under the Additional Placing.

The latest time and date by which Discretionary PCBs and other Qualified Investors (who are also Exempt Persons) may contact Cenkos and/or Liberum in connection with the Additional Placing is 5.00 p.m. on 27 June 2013 (although Cenkos, Liberum and the Company may, in their absolute discretion, jointly agree to close the Additional Placing at such earlier time and date as they deem appropriate, in which event, an announcement will be made as to the revised time and date). Allocations of the Additional Placing Shares (if any) will be made at the absolute discretion of Cenkos, Liberum and the Company.

Qualified Investors (who are also Exempt Persons) who wish to subscribe for Additional Placing Shares will be required to enter into a placing letter with Cenkos and/or Liberum, as applicable, in which they will be required to provide certain representations and warranties to Cenkos and/or Liberum including, without limitation, that they are Exempt Persons, Qualified Investors (that is, within the meaning of section 86(7) of Financial Services and Markets Act 2000) and, in relation to Discretionary PCBs, engaged by their clients on terms that enable them to make decisions concerning the acceptance of offers of transferable securities on their clients' behalf without reference to such clients. **Any persons who are unable to provide such representations and warranties should not apply for Placing Shares, whether in connection with the Additional Placing or otherwise, and the offer of Placing Shares pursuant to the Placing is not being made to them. If you are in any doubt, you should seek professional advice before taking any further action in respect of the Placing.**

The Placing is not a rights issue or open offer and the Placing Shares will not be offered generally to Shareholders on a pre-emptive basis and it is subject to the Resolutions being passed. In structuring the Placing, the Directors have had regard, amongst other things, to current market conditions, the total net proceeds desired to be raised and the current composition of the Company's share register, as well as the extra cost and delay that would be involved in a rights issue or open offer. After considering these factors, the Directors have concluded that the Placing, comprising the Firm Placing and the Additional Placing, which is being made to a wider range of investors than the Company's existing Shareholders on a non-pre-

emptive basis, represents the most appropriate option available to the Company for raising the additional capital required in the timeframe envisaged. The Directors are seeking the approval of Shareholders for, amongst other things, the dis-application of the pre-emption rights contained in the Articles at the Extraordinary General Meeting.

The Placing is conditional, *inter alia*, on:

- the passing of the Resolutions at the Extraordinary General Meeting by the existing Shareholders and the waiver of pre-emption rights contained in the Articles;
- the Placing Agreement becoming unconditional in all respects and not having been terminated in accordance with its terms prior to Admission; and
- Admission becoming effective by no later than 8.00 a.m. on 11 July 2013 (or such later time and/or date, being no later than 8.00 a.m. on 31 July 2013, as the Company, Cenkos and Liberum may agree).

The Placing Agreement contains certain customary warranties in favour of Cenkos and Liberum given by the Company with respect to its business and certain matters connected with the Placing. In addition, the Company has given customary indemnities to Cenkos and Liberum in connection with the Placing and their performance of services in relation to the Placing. Cenkos and Liberum have certain rights to terminate the Placing Agreement in specified circumstances.

If the Placing Agreement does not become unconditional or is terminated in accordance with its terms prior to Admission, the Firm Placing and the Additional Placing will not proceed and each investor's rights and obligations will cease and no claims will be capable of being made by any investor in respect of the Placing and any payments made by the investor will be returned as soon as possible thereafter without interest. Without prejudice to the foregoing, the Company, Cenkos and Liberum expressly reserve the right to determine, at any time prior to Admission, not to proceed with the Placing.

The Placing Shares are not being made available to the public and are not being offered or sold in any jurisdiction where it would be unlawful to do so.

The Placing Shares will, following Admission, rank in full for all dividends and *pari passu* in all other respects with the Ordinary Shares then in issue and will have the right to receive all dividends and distributions declared in respect of the issued Ordinary Share capital of the Company after Admission. The Placing Shares will not carry an entitlement to the final dividend for the year ended 31 March 2013 of 10 pence per Ordinary Share to be paid on 25 July 2013 to Shareholders on the register as at 28 June 2013.

Directors and management have committed to subscribe for, in aggregate, 53,463 Placing Shares at the Placing Price.

Application will be made to the London Stock Exchange for the Placing Shares to be admitted to trading on AIM and to the CISX to be admitted to listing on the Daily Official List of the CISX. It is expected that Admission will become effective and that dealings in the Placing Shares will commence on 11 July 2013.

UK-REIT Status

Shareholders approved the conversion of NewRiver into a UK-REIT in November 2010. The Board continues to believe that UK-REITs are a preferred structure for UK and international quoted real estate investors in UK real estate and should provide the Company with access to a broad range of investors due to the fact that the NewRiver Group will, for as long as it remains a UK-REIT, be largely exempt from future corporation tax on both rental profits and chargeable gains on disposals of investment properties.

Effects of the Placing

Warrants to subscribe for Ordinary Shares, representing, in aggregate, 3 per cent. of the Fully Diluted Share Capital were issued to Shareholders who subscribed for Ordinary Shares in the placing at First Admission. There are currently Warrants outstanding to subscribe for 811,573 Ordinary Shares.

NewRiver Retail CUL, a wholly-owned subsidiary of the Company, has issued £25 million of Convertible Unsecured Loan Stock.

In accordance with the terms of these instruments, the Placing is expected to result in certain adjustments to the number of Ordinary Shares that may be issued pursuant to the Warrants and the Subscription Price payable for such Ordinary Shares. It is also expected to result in an adjustment to the conversion price of the Convertible Unsecured Loan Stock.

Warrant Adjustments

The Subscription Price and/or number of Ordinary Shares relating to the Warrants is subject to adjustment in respect of dilution events, including the payment by the Company of cash or scrip dividends, any amalgamation, reorganisation, reclassification, consolidation, merger or sale of all or substantially all the Company's assets (other than in the ordinary course of the Group's business) and other dilutive events.

In particular, pursuant to the terms of the Warrant Instrument, where the Company issues any shares for a consideration per share less than the fair market value of the Ordinary Shares, then the Subscription Price for the Warrants is reduced concurrently with such issue or sale. In addition, the number of Ordinary Shares for which the Subscription Rights are exercisable under the Warrants is subject to a consequential adjustment.

As the Placing Price is 205 pence per Placing Share, which represents a discount of approximately 6.6 per cent. to 219.5 pence (being the closing mid-market price of 229.5 pence per Ordinary Share on 18 June 2013 (the last day of trading of the Ordinary Shares before publication of this document) less the final dividend for the year ended 31 March 2013 of 10p per share which has an ex-dividend date of 26 June 2013), there is expected to be a consequential downward adjustment to the Subscription Price payable by Warrant holders on exercise of their Warrants and a consequential adjustment to the number of Ordinary Shares which may be issued on exercise of the Warrants.

Convertible Unsecured Loan Stock Adjustments

Holder of Convertible Unsecured Loan Stock may convert any of their Convertible Unsecured Loan Stock into Ordinary Shares in the Company up to their expected repayment date of 31 December 2015.

In particular, pursuant to the terms of the Convertible Unsecured Loan Stock Instruments, where the Company issues any shares for a consideration per share less than the average closing mid-market price of the Ordinary Shares based on the average closing mid-market price of the Ordinary Shares for the preceding 30 business days prior to such issue or sale, then the conversion price and, therefore, conversion rate, for the Convertible Unsecured Loan Stock is reduced concurrently with such issue or sale unless, in the case of the A Convertible Unsecured Loan Stock only, Forum has utilised any pre-emption rights which may be available to it.

The conversion price is also adjusted for a range of other events including, *inter alia*, where the Company pays a dividend in excess of the amount required to be returned to Shareholders under the UK-REIT regime.

As the Placing Price is 205 pence per Placing Share, which represents a discount of approximately 6.6 per cent. to 219.5 pence (being the closing mid-market price of 229.5 pence per Ordinary Share on 18 June 2013 (the last day of trading of the Ordinary Shares before publication of this document) less the final dividend for the year ended 31 March 2013 of 10p per share which has an ex-dividend date of 26 June 2013), there is expected to be a consequential downward adjustment to the conversion price for both the A and the B Convertible Unsecured Loan Stock.

Option Adjustments

Pursuant to the rules of the CSOP, the Unapproved Plan and the Paul Roy Options, the number of Ordinary Shares under option (and in the case of options granted pursuant to the CSOP and the Unapproved Plan, the exercise price) may be adjusted by the Remuneration Committee in the event of any capitalisation issue or rights issue (other than an issue of Ordinary Shares pursuant to a scrip dividend issued by the Company) or rights offer or any other variation in the share capital of the Company including (without limitation) any

consolidation, subdivision or reduction of capital. Any such adjustment will, in the case of the CSOP, require the prior approval of HMRC. Therefore, the Remuneration Committee is entitled to consider making an adjustment to the exercise price of options granted under the CSOP, the Unapproved Plan and/or the number of Ordinary Shares under the Paul Roy Option or options granted under the CSOP or the Unapproved Plan following completion of the Placing. However, the Directors do not anticipate that any such adjustment will be made.

Dividends and Dividend Policy

The final dividend of 10 pence in respect of the year ended 31 March 2013 was declared on 22 May 2013 and will be paid on 25 July 2013 to Shareholders on the register on 28 June 2013. The ex-dividend date is 26 June 2013. Dividends per share for the year ended 31 March 2013 totalled 16 pence.

The dividend will be paid entirely as a PID (Property Income Distribution). PID dividends are paid, as required by UK-REIT legislation, after deduction of withholding tax at the basic rate of income tax (currently 20 per cent.). However, certain classes of shareholder may be able to claim exemption from deduction of withholding tax.

As a UK-REIT, the Group is required to comply with the UK-REIT regime's distribution condition, such that a minimum of 90 per cent. of the income profits of the Property Rental Business (as calculated, broadly, for tax purposes) are distributed within 12 months of the end of each accounting period.

In relation to the payment of dividends, on 1 July 2008, the Law came into force in Guernsey. This replaced The Companies (Guernsey) Law, 1994. One of the immediate effects of the Law was to replace the capital maintenance requirements in respect of dividend and distribution payments and the requirement for distributions to be made from distributable profits similar to that to which UK companies are subject and formerly applicable to Guernsey companies with a solvency based test. The use of the solvency test now requires the directors of a company to carry out a liquidity or cashflow test and a balance sheet solvency test before any dividend or distribution payment can be made. The test requires the board to make a future assessment by making reference to the solvency test being satisfied immediately after a distribution or dividend payment is made. If at the time a dividend or distribution payment is to be made the directors believe that the solvency test cannot be passed, then no payment may be made.

Subject to compliance with Section 304 of the Law and the satisfaction of the solvency test set out therein, it continues to be the intention of the Directors, in the event that the Placing is completed successfully, to pay such dividends as appear to be justified by the position of the Company at the relevant time and having regard to all relevant circumstances and to follow a progressive and sustainable policy towards dividends.

Extraordinary General Meeting and Action to be Taken

Set out at the end of this document is a notice convening the Extraordinary General Meeting to be held at 10.00 a.m. on Wednesday, 10 July 2013 to consider and, if thought fit, pass the Resolutions (conditional upon the Placing Agreement becoming unconditional (save for any condition relating to Admission or the passing of the Resolutions)).

Pursuant to Resolution 1, which will be proposed as an ordinary resolution, Shareholders' approval is being sought to grant the Directors authority to allot 32,682,927 Placing Shares, in aggregate, in connection with the Placing.

Pursuant to Resolution 2, which will be proposed as a special resolution, Shareholders' approval is being sought for the dis-application of the pre-emption rights set out in the Articles in relation to the allotment and issue of 32,682,927 Placing Shares, in aggregate, in connection with the Placing and, in accordance with Rule 7.3.17 of the CISX Listing Rules, the allotment and issue of the Placing Shares on a non pre-emptive basis requires the authorisation of a majority of Shareholders on the basis that the Placing Shares are being issued at a discount to the last published net asset value per Ordinary Share. As stated above, the Directors have concluded that a non pre-emptive placing is the most appropriate structure to raise the capital required in the present circumstances. Resolution 2 is therefore being proposed so as to facilitate this.

Shareholders should note that the Resolutions are in addition to, and not in substitution for, the resolutions passed at the Company's annual general meeting held on 4 July 2013 and Article 6.4, which provides that the Directors shall have at their disposal up to 10 per cent. of the Company's issued shares in any calendar year for issue on such terms and conditions (including for cash consideration) and at such times and to such persons as the Board may determine without such issue requiring resolution of the Shareholders.

A Form of Proxy for use by Shareholders at the EGM is enclosed. Whether or not you propose to attend the EGM, you are requested to complete and sign the Form of Proxy in accordance with the instructions printed thereon and return it to the Company's registrars, Capita Registrars, at PXS, 34 Beckenham Road, Beckenham, BR3 4TU, as soon as possible and in any event so as to be received no later than 10.00 a.m. on Monday, 8 July 2013.

CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the EGM and any adjournment(s) thereof by utilising the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed (a) voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment made by means of CREST to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message must be transmitted so as to be received by Capita Registrars (ID RA10), by 10.00 a.m. on Monday, 8 July 2013. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which Capita Registrars is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

The completion and return of the Form of Proxy (or the electronic appointment of a proxy) will not preclude you from attending the EGM and voting in person should you wish to do so.

Recommendation

For the reasons set out above, the Directors consider the Placing and the passing of the Resolutions to be in the best interests of the Company and its Shareholders as a whole.

Accordingly, your Directors unanimously recommend that Shareholders vote in favour of the Resolution as the Directors intend to do in respect of their own shareholdings which, in aggregate, amount to 2,252,794 Ordinary Shares, representing approximately 6.5 per cent. of the existing issued ordinary share capital of the Company as at 18 June 2013, being the latest practicable date prior to the publication of this document.

Responsibility

The Directors, whose names are set out on page 11 of this document, accept responsibility for the information set out in this document. To the best of the knowledge and belief of the Directors (who have taken reasonable care to ensure that such is the case), the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

- (iii) To be valid the enclosed Form of Proxy for the Extraordinary General Meeting together with the power of attorney or other authority, if any, under which it is signed or a notarially certified or office copy thereof must be deposited by 10.00 a.m. on Monday, 8 July 2013 at the offices of the Company's registrars, Capita Registrars at PXS, 34 Beckenham Road, Beckenham, BR3 4TU.
- (iv) Completion of the Form of Proxy or submission of a valid electronic proxy appointment will not prevent you from attending and voting in person.
- (v) Pursuant to regulation 41 of the Uncertificated Securities Regulations 2001, only Shareholders registered in the register of members of the Company as at 6.00 p.m. on 8 July 2013 shall be entitled to attend and vote at the Extraordinary General Meeting in respect of the number of shares registered in their name at such time. If the Extraordinary General Meeting is adjourned, the time by which a person must be entered on the register of members of the Company in order to have the right to attend and vote at the adjourned meeting is 6.00 p.m. on the day two days before the date fixed for the adjourned meeting. Changes to the register of members after the relevant times shall be disregarded in determining the rights of any person to attend or vote at the meeting.
- (vi) CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the Extraordinary General Meeting and any adjournment(s) thereof by utilising the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed (a) voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
- (vii) In order for a proxy appointment made by means of CREST to be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear UK & Ireland's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message must be transmitted so as to be received by Capita Registrars (ID RA10), by 10.00 a.m. on Monday, 8 July 2013. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which Capita Registrars is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.
- (viii) CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK & Ireland does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed (a) voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) (a) of the Uncertificated Securities Regulations 2001.
- (ix) In the case of joint holders, the vote of the senior who tenders a vote whether in person or by proxy will be accepted to the exclusion of the votes of the other joint holders and for this purpose seniority will be determined by the order in which the names stand in the register of members of the Company in respect of the relevant joint holding.
